

FIRST BAPTIST CHURCH

March 11, 2010

Dear Life Group Leaders,

Do you ever wish that you had more faith? Faith to move mountains? This week's study is intended to help. After returning from the mountaintop, the 3 disciples find their fellow disciples who remained in the valley entwined in a major spiritual battle. The questions this week are based on Luke 9:37-45 with a glance at the same event in Matthew 17 and Mark 9 as well. My prayer is that in studying the passage and answering the questions together, your faith and the faith of your life group members will grow to new heights.

To complement the lesson, I've included a coaching tip with an icebreaker, a leadership article, and an outreach activity all designed to help your group members grow in their faith. I hope you find it helpful. Then, to supplement your study, I've downloaded a great message by Dr. John MacArthur on the same story. I'm sure you'll find it full of insights. Enjoy your study and preparation. I consider that my special time to get alone with Jesus, just He and me!

Please help guide our people to participate in all our upcoming events as we prepare for Easter. You can find the newsletter with all the details on our website—www.sheltonfbc.org. You'll also find many ministry opportunities there, like the upcoming children's event the Saturday before Easter and the next Boaz Project later in April. We very much appreciate your help and count on you to cheerlead the opportunities we provide as leaders and staff. Don't forget to encourage your group members to go to church every other Sunday as well. You're the shepherd they're looking to for modeling and encouragement. Thank you for doing it so faithfully!

In Christ's grace,

Pastor Gary
