

FIRST BAPTIST CHURCH

Dear Life Group Friends,

How did your first study in Malachi go? Did it raise any questions about predestination? Quite a subject, isn't it?!

This week we begin to probe the issue of worship and how to make sure our hearts are fully engaged, so that our worship is genuine and not superficial. Pastor Glen has provided the questions. I've included a short message by John Piper on Malachi 1:6-11, as well as a coaching tip I know you'll enjoy. It's a short one – just a page and a half – but it's excellent: How to avoid two of the most common pitfalls in leading a group discussion. I'll let you read the article to see what they are.

Thanks for your faithful ministry again this week! I've just ordered a few new DVD series in case you'd like to use one this summer or fall. Just let me know if you need help picking material and I'll get it to you.

God bless you! We are praying for you.

Pastors Gary and Glen
