Dear Life Group Hosts,

What a beautiful day today! I just finished collecting the materials for next week's lesson. I hope you find them helpful. I've included two short articles on how to motivate your members to get involved in service projects – both to the church, the community, and to one another in your life group. I hope you'll take time to read them. I think you'll also appreciate the audio message on Malachi 3:7-18. Let me know if there's more we can do to help you. We'll be in touch again very soon.

God bless you,

Pastors Gary and Glen
