FBC Family,

As I begin my second month of ministry with you, I want to say a heartfelt thank you for your kind and generous welcome to Connie and me. We have been deeply touched by all of the different ways you have folded us into this wonderful church family. We are enjoying the community of Shelton as well and don't miss Seattle and its traffic in the least.

So for my first newsletter article I want to give you a series of snapshots containing some first impressions.

People are friendly - but private.

There are a lot of empty seats in the second hour service, so we have plenty of room to reach new people from Mason County and grow.

Economic times are really tough for the church, families, and the community right now - and that will likely continue for some time.

There are lots of different ministries going on here at FBC.

I am really, really glad to be serving Him here with you. There is a lot of hard work to be done, but together we can make a big difference for Jesus sake.

There are a large number of groups, committees, boards, subcommittees, work groups, structure, and organization at FBC (especially for the numerical size we are right now).

FBC is involved in a lot of para-church and community based ministries too.

There are many prayer warriors here in the church. Praise the LORD!

Please know I am always available to visit with you; just give me a call at the office. God's blessing on each of you, Pastor Paul
